

Civil Rights Hero?

Why do we observe this man's birthday as a National holiday?

This is an honor not even afforded to undisputable American heroes like George Washington, Thomas Jefferson or Abraham Lincoln (they share "Presidents Day").

Why are the FBI records regarding this Civil Rights "hero" sealed until 2027?

Is it necessary to deny the public the opportunity to review the thousands of records now held in the U.S. National Archives? Why must the majority of the FBI records pertaining to this man "remain under seal for fifty years" (See The National Archives www.archives.gov).

Why does the media usually avoid mention of King's documented plagiarism?

According to Clayborne Carson, professor of history at Stanford University and selected by King's widow as the lead research historian, "Several of King's academic papers, as well as his dissertation, contain numerous appropriated passages that can be defined as plagiarism." (The Wall Street Journal, November 9, 1990)

Why are our children taught to respect and admire such an immoral man ?

J. Edgar Hoover once referred to King as a "tom cat...with obsessive degenerate sexual urges" (Garrow, David J., *The FBI and Martin Luther King, Jr.*, 1981). Former Assistant Director of the FBI, William C. Sullivan, disclosed information about King "engaging in sex with prostitutes and married women." (The New York Times, December 13, 1981)
