

# ANOTHER ANTI-WHITE HATE CRIME

## THE MASS MEDIA DO NOT CARE ABOUT

Channon Christian and  
Christopher Newsom

While out on a date on the evening of January 6th, 2007, Christopher Newsom, 23, and Channon Christian, 21, of Knoxville, Tennessee, were the victims of an horrific carjacking: they were kidnapped and later tortured, raped, and eventually murdered—their bodies being horribly dismembered by a gang of Black criminals.

The Black perpetrators of this tragic hate crime

This gruesome murder has been ignored by the media on a national level—as would certainly not be the case were the victims Black and the assailants White. Al Sharpton, Jesse Jackson, and other “civil rights” leaders are not marching through the streets demanding that hate-crime charges be filed against the perpetrators of this horrendous crime. Equal rights and equal coverage by the mass media are clearly things in which they are not interested.

One might ask, then: if “equal rights” is not on the agenda of the Politically Correct Inquisitors in the controlled media, what exactly is on their agenda?
